- + PVC-free reflective fabric
- + Increased visibility when hit by headlights due to highly visible reflective fabric in black
- + Single-handed mounting and removal of the bag
- + Height and angle of bag individually adjustable
- + Lower mounting hook rotatable
- + Two strong 3M Scotchlite reflectors
- + Size ideal for 2 large office files, tablet, cell phone etc.
- + Inner compartments with pockets
- + Carrying handle and padded removable shoulder strap

**Contents:** Bag comes with padded shoulder strap, 1 pair of reduction pieces in 8, 10 and 12 mm

**Optional accessories:** Anti-Theft Device (No. E125), QL2.1 hook 20 mm (E193), QL2 Lock / QL2 Lock keyed alike (F3913/F3915)

**Attention:** Remove the shoulder strap or put it inside the bag before cycling

**Attention:** As abrasion cannot be ruled out, we recommend that all points where the mounting system contacts the bicycle rack or frame be protected by scratch protection film.

**Attention:** Maximum load per pannier is 9kg / 20 lbs. We recommend weighing each loaded pannier to confirm that the maximum allowance of the pannier fixation is not exceeded. This practice is advised for both rear and front panniers. **CAUTION:** The maximum weight capacity of every carrier model is different. Please observe the maximum weight allowance of the carrier fitted to your bicycle. Note: Sometimes the maximum capacity of the panniers fixing system can exceed the maximum capacity of the carrier. **DO NOT** exceed the maximum capacity of the carrier! Note, that the use of panniers will significantly influence the handling properties of your bicycle.

**Note:** In order to meet standard IP64 (6=dustproof, 4=protected against splash water coming from all directions) the roll closure must be rolled at least 3-4 times.
